

DIGITAL CLOCK Outdoor Readability 120m

HHX25

(non contractual picture)

Composition

- 1 Digital Clock
- 1 Air temperature sensor
- 1 Infrared remote control
- Operating and installation instructions

Description

Use:	Outdoor	
Programming:	Infra-red remote control	
Readability:	120m, angle >160°	
Dimensions:	1230 x 400 x 90mm	
Weight:	16 kg	
Power supply:	230V / 50-60Hz	Power consumed: 31VA
Protection:	Unbreakable mat polycarbonate front face	
Mains cable (supplied):	5 m – Type: 230V, 3G, 0.75 mm ²
