

## Time out request system

(non contractual picture)

### Composition

- 2 Wireless remote controls
- 1 receiver integrated to the main control console or the portable W-Top
- Operating instructions

### Description

- Use :** Indoor/Outdoor
- Transmission :** Radio up to 30m

### Function

Each coach has its own remote control.

The coach requests a time-out, by pressing the button of the remote control:

- The timer stops
- The buzzer sounds
- The time-out timer starts
- The time-out timer is displayed on the scoreboard
- Green dots on the scoreboard indicate the number of used time outs for each team.
